## WHAT IS FINTECH MEETUP?

### JOIN THE FINTECH INDUSTRY'S BIG ANNUAL Q1 KICKOFF EVENT

Over the past decade, our team has founded the leading fintech and retail events. We're doing it again! This time we're creating the future of fintech events – *Fintech Meetup!*

We wrote the playbook on world class events. So, as you'd expect, we have all the basics of a great event covered:

- ◆ **3,000+ decision makers** coming together to do business
- ◆ **175+ speakers** from the biggest names in fintech, banking and related financial services
- ◆ **65+ content sessions** covering the latest of everything
- ◆ **200+ sponsors and exhibitors** showcasing the latest innovations and solutions
- ◆ And a great experience and venue where connections are forged and memories are made

Brought to you by  
events industry disruptors and fintech insiders,  
**Anil Aggarwal and Simran Rekhi Aggarwal**

## Fintech Meetup is the Future of Fintech Events!

We've founded and operated leading industry events for over a decade...now, we've taken the best of what we've done before and added 3 new dimensions:

- ◆ **TECH** – We've created the event where **everyone is connected with technology that facilitates meetings**. We'll facilitate 30,000+ meetings and connections across every use case, making it easy to meet new people, discover new organizations, and create incredible opportunities that deliver real results and measurable ROI. Serendipity may be great, but it's way more powerful when it's engineered!
- ◆ **Q1** – We bring a **large scale and high quality fintech community together in Q1 each year**. A comprehensive Q1 event is missing from the events calendar, and Fintech Meetup is designed to jump start your year and help meet sales, marketing and growth objectives.
- ◆ **ROI** – **Value for money** with reasonably priced tickets and hotel rooms at an amazing venue...Aria, Las Vegas!
